# Finn's Dinosaur Lunch Match!

Draw a line from each dinosaur to what it liked to eat!

**Triceratops**

**T-Rex**

**Stegosaurus**

**Velociraptor**

**Meat Eater**

**Plant Eater**

**Try this together:** look at pictures of real dinosaur teeth. Sharp pointy teeth belonged to meat eaters, and flat wide teeth belonged to plant eaters!

*Psst, grown up: Triceratops & Stegosaurus ate plants. T-Rex & Velociraptor ate meat.*
