How Big Is That Dinosaur?

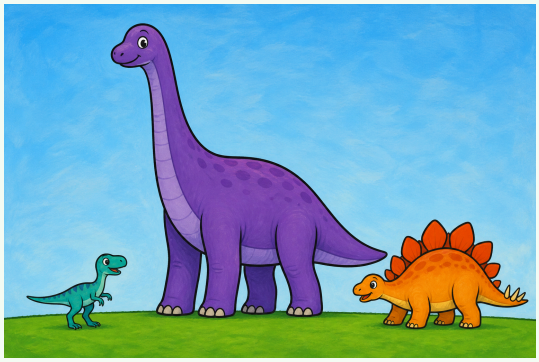

Look at each dinosaur standing next to something you know. Circle the bigger one in each picture!

dinosaur and a kid | dinosaur and a car | dinosaur and a school bus

Now Put Them In Order!

These are the same three dinosaurs, all mixed up. Write 1 under the smallest, 2 under the middle one, and 3 under the biggest.

write 1, 2, or 3 | write 1, 2, or 3 | write 1, 2, or 3

Try this together: next time you're near a real car or school bus, go stand right next to it. Are you taller or shorter than the tire?
